Subject: VinylPlus[®] Product Label: Extension of certification validity due to COVID-19

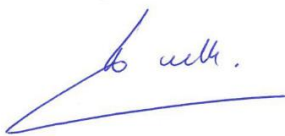

Due to unprecedented uncertainties brought on by COVID-19, VinylPlus is taking action to reduce the pandemic's burden on the industry.

The following measures aim to minimise the disruptions in the market, by allowing those companies whose VinylPlus[®] Product Label certificates expire during the months of the outbreak to continue benefiting from the Certification.

Therefore, VinylPlus establishes the following:

- All VinylPlus[®] Product Label certificates with the validity date expiring between 20 February and 30 June 2020 will be automatically extended for a period of 6 months
- The onsite audits for the new applicants scheduled during this period, will be postponed whenever required by the applicant's and/or the certification body's company policy
